

Primary student use of mobile phones and personal devices

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion or camp during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

Mobile phones are to be given to the Front Office staff at the beginning of the school day and collected at the end of the day.

Students are discouraged from bringing all other electronic devices such as iPods, iPads, Nintendo DS and similar items to school. The school has no control over the content on personal devices and therefore should these items be brought onto school grounds they must be switched off and remain in bags during school hours.

Apple watches or similar are strongly discouraged as they have the capability to make calls, send and receive texts and access the internet. These will be treated as mobile phones and we encourage students to not wear these to school but instead wear a simple watch with no other capacity similar to a mobile phone.

Students remain responsible for all their personal effects while at school. The school takes no responsibility for mobile phones or any other electronic devices brought onto school grounds.

If the student does not comply

A mobile phone or other electronic device which is used in contravention of this policy will be confiscated and returned to the user at the end of the school day. The consequences of inappropriate use will be in accordance with the 'Gawler Primary School Behaviour Development Policy'.

Respect others' rights to privacy and do not take photos, film or audio records of other people without their knowledge or permission.

Parents

Support the implementation of the school's policy, including the consequences for non-compliance with the policy.

Use the school's formal communication channels in all instances to communicate with the school (including where a student requires early collection from school). Encourage their child to always report to a school staff member in the first instance if they become unwell or experience an issue at school.
