2022 Class Structures

This week at staff meeting we discussed possible class structures for 2022. Thank you to all the parents/carers for returning 2022 student information, this helps us when placing your child.

As mentioned in previous newsletters, if you haven't done so already, please inform the school if your child/ren will **not be returning in 2022**. Student enrolments determine how many classes and staffing for key areas of the curriculum.

Site Improvement Planning Process

It is hard to believe that we are almost at the end of the school year. As a staff we have been reviewing the goals we set on the Site Improvement Plan and setting new targets for 2022. This was done in consultation with teaching staff and looking closely at our student data on our last Pupil Free Day.

Sporting News

Congratulations to all of our students that have been involved in both District Athletics and SAPSASA sports including soccer, football and cross country running throughout 2021. It is great to see a number of our students pursuing extra curricula sporting events and we would encourage them to continue to try out in the future. As a school we would also love to celebrate these achievements through our newsletter in the form of a photo or information so please let us know.
